

Pecinin Manual

The programming manual is the same as original remote control. If our manual is not clear, you can search manual in google, youtube. also can contact us via Email. Anyway, we will try our best to make best service for you.

Programming:

Open your motor to get the receiver and find the programming button.

1. Press and release the programming button
2. Pressing and hold our first button of our remote control about 30second.
